A NEW COMPANY | A NEW MENTALITY | A NEW PARTNER

The Pulp and Paper market has a new option to improve process optimization and increase profitability.

Dorf Ketal, the fastest growing specialty chemicals company in India, a global leader in the oil & gas industry and the world's largest manufacturer of organic titanates is bringing its problem solving expertise to the global Pulp and Paper industry. We have been serving customers worldwide with onsite consultative service and unique chemical technology since 2001 and in less than three decades we have grown to be the market leader in the markets we serve.

We are now bringing that formula for success to the Pulp and Paper global market. INNOVATION, ENVIRONMENT, and SAFETY are the foundation for our product development and service commitment. We are dedicated to approach each customer with an open inquisitive mind, a strong spirit of service, and a dedication for listening and discovery to understand their unique situation and to find the best solution.

Dorf Ketal disrupted the status quo of specialty chemicals suppliers in the oil and gas industry almost 30 years ago. We are ready to do the same in the Pulp and Paper market. Are you ready for a new company with a new mentality and to forge new partnerships that will increase your profitability?
